QInsights B.V.

For the QualiDialog service

Including Schedules 1 and 2

Updated November 2026

QInsights B.V.: General Terms & Conditions (GTC)/End User Licence Agreement (EULA)

These General Terms and Conditions (GTC)/End User Licence Agreement (EULA) govern the use of the SaaS for AI-supported data analysis “QualiDialog”, which is provided by QInsights BV. The service enables users to have uploaded documents automatically analysed and summarised according to various criteria (“Document Analysis”).

General part

§ 1 Subject matter of the contract

1. The subject of these GTC/EULA is all services provided within the scope of the QualiDialog product.

2. The provider of deliveries or services under this contract is QInsights BV, Bierstraat 123C, 3011 XA Rotterdam, The Netherlands, hereinafter referred to as “QInsights BV”.

3. Subject to explicit provisions to the contrary in these GTC/EULA, QInsights BV is the manufacturer and owner of all exploitation rights to QualiDialog.

§ 2 Payment processing via third-party provider

Where an order is processed through Paddle, Paddle acts as QINSIGHTS BV’s authorised reseller and Merchant of Record for the transaction. Payment collection, invoicing, applicable taxes, refunds, chargebacks and subscription administration for such transactions are handled by Paddle in accordance with Paddle’s terms. The QualiDialog service is provided by QINSIGHTS BV under these GTC/EULA. Orders invoiced directly by QINSIGHTS BV are contracted directly with QINSIGHTS BV.

§ 3 Services and technical requirements

1. QualiDialog offers the Customer the option of having uploaded documents automatically analysed and summarised by various criteria. For this purpose, the Customer uploads the documents to its QualiDialog Account, and QInsights BV forwards them to a service provider via an interface. The created result is displayed in the user account.

2. The owed quality and the exact functional scope of QualiDialog can be found in the functional descriptions available in the QualiDialog Manual: https://qualidialog.com/resources/manual.

3. The automated analysis of the Customer’s documents is not carried out by QINSIGHTS BV itself, but by service providers with which QINSIGHTS BV has a contractual agreement. The service providers use artificial intelligence for document analysis. A regularly updated list of the service providers used can be found at https://qualidialog.com/compliance.

There is no entitlement to the use of a specific service provider or a specific method of artificial intelligence. The service providers used can be changed at any time if this does not result in any changes to QualiDialog. If the change of the service provider involves changes to QualiDialog, the change will only be made if there is a valid reason. A valid reason for a change exists in particular if QualiDialog is to be improved, an adaptation to new technical conditions is necessary, a uniform upgrade is required to avoid several parallel versions, or other important

operational reasons necessitate the change. QINSIGHTS BV is continuously developing QualiDialog and will improve QualiDialog through ongoing updates. Accordingly, QINSIGHTS BV is authorised to change QualiDialog at its own discretion. Unless it is a change or update that is necessary to maintain compliance with the contract, such changes will only be made if there is a valid reason. A valid reason for a change exists in particular if QualiDialog is to be improved, an adaptation to new technical conditions is necessary, a uniform upgrade is required to avoid several parallel versions, or other important operational reasons necessitate the change. The customer will be informed of functional changes in an appropriate manner, e.g. through notices in the QualiDialog Account or per email.

§ 4 Use of QualiDialog

1. Product presentations, in particular on QINSIGHTS BV's websites, do not constitute an offer to conclude a contract.

2. Information provided by QINSIGHTS BV via telephone is non-binding.

3. In order to use QualiDialog, the customer must create a customer account on QINSIGHTS BV's website. A contract granting the right to use QualiDialog is concluded when the customer agrees to these GTC/EULA within his QualiDialog Account.

4. The customer is granted the opportunity to use QualiDialog as part of a free trial version up to a limit of 1 million tokens. During the free trial period, the customer has limited access to all functions of the paid full version. After the free tokens are used, the trial phase ends automatically unless a paid contract extension is purchased. If the customer purchases a paid licence before the trial period expires, all data and results from the trial period will be transferred to the regular customer account and will remain available.

5. The customer is solely responsible for all activities carried out via their QualiDialog Account. The customer agrees to keep his login details confidential and not to grant third-parties access to his account. QINSIGHTS BV must be informed immediately if there is any suspicion of unauthorised use.

6. If the customer uses QualiDialog on behalf of a company or other organisation, they warrant that they are authorised to represent it in a legally binding manner. The obligations under this contract then also apply to the represented organisation.

7. The customer remains responsible for all content that they enter, store or transfer using QualiDialog. QINSIGHTS BV does not check their content. The customer warrants that they have all necessary rights and permissions to use and share this content.

8. The contract for the use of QualiDialog is concluded for an indefinite period unless a specific subscription term has been agreed. Paid subscriptions are subject to the agreed subscription term and the renewal and cancellation provisions in § 4a. The Customer may delete its QualiDialog Account, subject to any ongoing payment obligations under a paid subscription.

9. QINSIGHTS BV is permitted to collect and evaluate aggregated and anonymised data on the use of QualiDialog in order to improve or market the service and other products and services, provided that no personal data within the meaning of the GDPR is processed or disclosed.

§ 4a Subscription renewal, cancellation and refunds

1. Automatic renewal: If the Customer purchases access to QualiDialog on a subscription basis, the subscription shall automatically renew for the agreed billing period unless cancelled before the next renewal date.

2. Cancellation: The Customer may cancel the renewal of a subscription at any time. Cancellation shall take effect at the end of the then-current billing period.

3. Refunds: Except where § 12 or mandatory applicable law provides otherwise, cancellation does not entitle the Customer to a refund of fees already paid for the current billing period.

4. Paddle payments and refunds: Where payment has been processed through Paddle, refund requests relating to that transaction shall be processed through Paddle. Any approved refund shall be returned to the original payment method used for the purchase.

§ 5 Rights of use

1. QINSIGHTS BV grants the customer the non-exclusive and non-transferable right to use QualiDialog as intended for the duration of the contract.

2. The customer may not make any changes to QualiDialog that go beyond what QINSIGHTS BV enables the customer to do by providing corresponding functions (e.g. in the settings).

3. The customer is not authorised to make QualiDialog available to third parties for use, either for a fee or free of charge. The customer is expressly prohibited from subletting QualiDialog.

4. The customer is not permitted to edit, modify or alter QualiDialog (in whole or in part) or to disassemble, decompile, reverse engineer or convert QualiDialog in whole or in part, nor may the customer permit or enable third parties to do so. Furthermore, the customer may not use QualiDialog to create, train or improve similar or competing products or services (directly or indirectly).

§ 6 Scope of use

1. The customer is not permitted to use QualiDialog in a manner that violates laws or the rights of third parties or unlawfully affects their rights or otherwise violates the provisions of these GTC/EULA or those of the service providers (as amended from time to time). In particular, the use of the function for the following purposes or the provision of the following content is prohibited:

- Illegal or harmful activities, including the creation, distribution or promotion of illegal content, discriminatory, violent, hateful or harassing content, and content that exploits or harms children,
- Violation of third-party rights, in particular privacy, intellectual property or other legally protected interests,
- Impairment of security and integrity, for example through hacking, circumvention of technical protection measures, distribution of malware or other attacks on systems or networks,

- Deception, fraud and manipulation, including misleading statements, fraudulent business practices, multi-level marketing or unauthorised data processing,

- Creation or distribution of adult content, political campaigns or lobbying purposes.

2. The terms and conditions of the respective service providers are available on our website, where we provide a link for each service provider: https://qualidialog.com/compliance

3. The customer is also not permitted to claim that the result generated by QualiDialog was produced by humans, although this is not the case.

§ 7 Data protection

1. QInsights BV collects and processes personal data in accordance with the GDPR.

2. Insofar as the Customer processes personal data through the use of QualiDialog, the Customer is responsible for ensuring that it is authorised to provide such data to QINSIGHTS BV for processing and that its use of the data complies with the data protection and privacy laws applicable to the Customer and the relevant processing. 1.2 The DPA forms an integral part of the GTC. Upon the customer's consent to these GTC/EULA, the DPA shall also become effective between the parties.

1.3 In the event of any conflict or inconsistency between the DPA and these GTC/EULA, the DPA shall prevail to the extent of such conflict or inconsistency.

2. Standard contractual clauses

Activities relevant to the data transferred under these clauses: Provision of QualiDialog

§ 8 Warranty and liability

a) The document analyses are generated by QINSIGHTS BV with the help of a service provider on the basis of artificial intelligence. Accordingly, typical inaccuracies and errors are to be expected. QINSIGHTS BV does not guarantee the accuracy, correctness, completeness and/or reliability of the document analyses.

b) QINSIGHTS BV is liable without limitation for intent and gross negligence as well as for slight negligence in the event of damage resulting from injury to body, life or health. In other cases of slight negligence, QINSIGHTS BV is only liable in the event of a breach of material contractual obligations, meaning obligations that make the reasonable and proper performance of the contract possible in the first place and on the fulfilment of which the Customer may reasonably rely, and only for foreseeable, typically occurring damage. Other claims for damages are excluded to the extent permitted by law. These limitations and exclusions do not apply in the event of fraudulent concealment of a defect, breach of an express warranty or where liability cannot be excluded or limited under mandatory applicable law.

c) Notwithstanding the preceding paragraph, warranty and liability are excluded for consequences arising from the customer making changes to QualiDialog itself or with the help of a third party or operating QualiDialog improperly or incorrectly.

d) QINSIGHTS BV does not accept any liability for the loss of data, unless QINSIGHTS BV caused the loss intentionally or through gross negligence and the customer had taken reasonable precautions to ensure that a data backup was carried out according to the latest technological standards and at appropriate intervals (at least once per day), so that the data could reasonably be reconstructed.

e) QINSIGHTS BV is not liable to the customer for delays in performance resulting from force majeure, namely circumstances beyond QINSIGHTS BV's control. The same applies if QINSIGHTS BV is unable to provide its service in accordance with these GTC/EULA due to a lack of information or cooperation from the customer.

f) Any further liability is excluded, irrespective of the legal grounds.

g) Insofar as QINSIGHTS BV's liability is excluded or limited, this also applies to the personal liability of QINSIGHTS BV's employees, representatives and vicarious agents.

§ 9 High-risk activities

QualiDialog is not fault-tolerant and is not designed or intended for use in hazardous environments requiring fail-safe performance, including without limitation, in the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, weapons systems, direct life-support machines, or any other application in which the failure of the software could lead directly to death, personal injury, or severe physical or property damage (collectively, High Risk Activities). QINSIGHTS BV expressly disclaims any express or implied warranty of fitness of QualiDialog for high-risk activities.

§ 10 Copyright

1. QualiDialog is protected by Dutch copyright law and international copyright treaties as well as by other laws and treaties on intellectual property.

2. The ownership and copyright exploitation rights in QualiDialog (including but not limited to images, photographs, animations, video, audio, music, text and “applets” contained in QualiDialog), the printed accompanying material and all copies of QualiDialog are owned by QINSIGHTS BV.

3. By using QualiDialog, the customer does not acquire any rights to the intellectual property of QualiDialog apart from the rights of use granted to him/her on the basis of these GTC/EULA.

§ 11 Special conditions for traders

1. The following provisions apply exclusively to customers who enter into an agreement with QINSIGHTS BV for purposes relating to their trade, business, professional or institutional activities (“Business Customers”). This includes, in particular, universities, research institutions, companies, public or private organisations, and self-employed professionals acting in a professional capacity.

2. Scope of application

2.1 These GTC/EULA apply exclusively; QINSIGHTS BV does not recognise any terms and conditions of the customer that conflict with or deviate from these GTC/EULA unless QINSIGHTS BV has expressly agreed to their validity in writing. These GTC/EULA also apply if QINSIGHTS BV executes the customer's order without reservation in the knowledge that the customer's terms and conditions conflict with or deviate from these GTC/EULA.

2.2 All agreements made between QINSIGHTS BV and the customer for the execution of an order must be made in writing or in text form (e.g. by e-mail or letter).

3. Prices and terms of payment for orders outside the webshop

3.1 For delivery the prices stated in QINSIGHTS BV's offer at the time of the order apply.

3.2 Orders from European countries must be placed in EUR; orders in US dollars are not permitted.

3.3 Unless otherwise stated, the prices quoted are exclusive of VAT (which shall be shown separately on the invoice at the statutory rate on the date of invoicing).

3.4 Payment term: The Customer must pay QINSIGHTS BV’s invoices within 14 days of the invoice date unless otherwise agreed. QINSIGHTS BV is entitled to invoice periodically. Annual licences shall be invoiced for the agreed licence period unless otherwise agreed.

3.5 Default and interest: If the Customer fails to pay an invoice on time, the Customer shall be in default by operation of law. The Customer shall then owe interest of 2% per month, or the amount stated on the invoice, calculated from the date on which the Customer is in default until payment of the total amount due.

3.6 Set-off and suspension of payment: The Customer is not entitled to set off amounts owed to QINSIGHTS BV against any counterclaim. Objections to the amount of an invoice do not suspend the payment obligation.

3.7 Non-payment: If the Customer is in default with payment, QINSIGHTS BV is entitled to suspend the Customer’s access to QualiDialog and/or the provision of other services until all outstanding amounts have been paid.

3.8 Collection costs: If the Customer remains in default after having received a payment reminder and the applicable payment period stated in the reminder has expired, the Customer shall owe collection costs amounting to 15% of the outstanding principal sum, with a minimum of EUR 150.

3.9 Judicial and enforcement costs: Any reasonable judicial and enforcement costs incurred in recovering overdue amounts shall also be payable by the Customer to the extent permitted by applicable law.

4. Warranty and limitation of liability

In addition to § 8, the following provisions on warranty and limitation of liability shall apply to the acquisition and use of QualiDialog:

4.1 The customer is not entitled to remedy defects itself and to demand reimbursement of the expenses required for this unless the customer has properly notified QINSIGHTS BV of the defect and provided QINSIGHTS BV with the information required to reproduce the defect and QINSIGHTS BV has not remedied the defect within a reasonable period of time.

4.2 Claims for compensation for damages and expenses for reimbursement shall become time barred within 12 months. This 12-month period begins at the earliest with the notification of the defect by the Customer and at the latest at the end of the year in which the Customer recognized the defect or could have recognized it without negligence.

4.3 QINSIGHTS BV is not liable for damage that has not occurred to QualiDialog itself; in particular, QINSIGHTS BV is not liable for lost profits of the customer that are attributable to the use of the products.

5. Miscellaneous

5.1 QINSIGHTS BV is authorised to name the client as a reference for the purpose of external presentation on the website. This may also include the use of the logo (corporate identity), with which the customer agrees. QINSIGHTS BV reserves the right to name the reference up to 3 calendar years after termination of the contract.

5.2 For contracts with merchants, legal entities under public law or special funds under public law, the place of fulfilment for delivery and payment as well as the place of jurisdiction shall be the registered office of QINSIGHTS BV in Rotterdam, Netherlands.

§ 12 Special Conditions for Consumers (Right of Withdrawal)

The following provisions of § 12 apply only if the customer acts as a consumer within the meaning of Article 6:230g(1)(a) of the Dutch Civil Code (Burgerlijk Wetboek).

1. Right of withdrawal

1.1 You have the right to withdraw from this contract within 14 days without giving any reason. The withdrawal period expires 14 days after the day on which the contract is concluded.

2. Effects of withdrawal

2.1 If you withdraw from this contract, we will reimburse all payments received from you without undue delay and in any event no later than 14 days from the day on which we are informed of your decision to withdraw from the contract.

We will make the reimbursement using the same means of payment that you used for the initial transaction, unless you have expressly agreed otherwise. You will not incur any fees as a result of the reimbursement.

2.2 If you have expressly requested that QINSIGHTS BV begin providing the service during the 14-day withdrawal period and you subsequently exercise your right of withdrawal before the service has been fully performed, you may be required to pay an amount proportionate to the services provided up to the time at which you informed us of your decision to withdraw.

The proportionate amount will be calculated on the basis of the total price agreed in the contract and the extent to which the service has been provided.

3. Commencement of the service during the withdrawal period

3.1 QualiDialog is an online digital service. If you wish to use the service immediately after concluding the contract, you expressly request that QINSIGHTS BV begin providing the service before the expiry of the 14-day withdrawal period.

3.2 Where the service is fully performed during the withdrawal period, the right of withdrawal expires once the service has been fully performed, provided that:

1. performance began with your express prior consent;

2. you expressly acknowledged that you would lose your right of withdrawal once the contract had been fully performed by QINSIGHTS BV; and

3. QINSIGHTS BV provided you with confirmation of the contract and your consent and acknowledgement in accordance with applicable law.

3.3 Where the service has begun but has not been fully performed, your right of withdrawal does not expire merely because you have started using QualiDialog. If you exercise your right of withdrawal during the withdrawal period, the provisions of section 2.2 above apply.

Schedule 1

Commission Implementation decision (EU) 2021/915 of 4 June 2021 on standard contractual clauses between controllers and processors under Art. 28

2.1 (7) GDPR STANDARD CONTRACTUAL CLAUSES

SECTION I

Clause 1

2.1.1 Purpose and scope

a) The purpose of these Standard Contractual Clauses (the Clauses) is to ensure compliance with Article 28(3) and (4) of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).

b) The controllers and processors listed in Annex I have agreed to these Clauses in order to ensure compliance with Article 28(3) and (4) of Regulation (EU) 2016/679 and/or Article 29(3) and (4) of Regulation (EU) 2018/1725.

c) These Clauses apply to the processing of personal data as specified in Annex II.

d) Annexes I to IV are an integral part of the Clauses.

e) These Clauses are without prejudice to obligations to which the controller is subject by virtue of Regulation (EU) 2016/679 and/or Regulation (EU) 2018/1725.

f) These Clauses do not by themselves ensure compliance with obligations related to international transfers in accordance with Chapter V of Regulation (EU) 2016/679 and/or Regulation (EU) 2018/1725.

Clause 2

2.1.2 Invariability of the Clauses

(a) The Parties undertake not to modify the Clauses, except for adding information to the Annexes or updating information in them.

(b) This does not prevent the Parties from including the standard contractual clauses laid down in these Clauses in a broader contract, or from adding other clauses or additional safeguards provided that they do not directly or indirectly contradict the Clauses or detract from the fundamental rights or freedoms of data subjects.

Clause 3

2.1.3 Interpretation

(a) Where these Clauses use the terms defined in Regulation (EU) 2016/679 or Regulation (EU) 2018/1725 respectively, those terms shall have the same meaning as in that Regulation.

(b) These Clauses shall be read and interpreted in the light of the provisions of Regulation (EU) 2016/679 or Regulation (EU) 2018/1725 respectively.

(c) These Clauses shall not be interpreted in a way that runs counter to the rights and obligations provided for in Regulation (EU) 2016/679 / Regulation (EU) 2018/1725 or in a way that prejudices the fundamental rights or freedoms of the data subjects.

Clause 4

2.1.4 Hierarchy

In the event of a contradiction between these Clauses and the provisions of related agreements between the Parties existing at the time when these Clauses are agreed or entered into thereafter, these Clauses shall prevail.

Clause 5

2.1.5 Docking clause

[intentionally left blank]

2.2 SECTION II - OBLIGATIONS OF THE PARTIES

Clause 6

2.2.1 Description of processing(s)

The details of the processing operations, in particular the categories of personal data and the purposes of processing for which the personal data is processed on behalf of the controller, are specified in Annex II.

1.1. Instructions

Clause 7

2.2.2 Obligations of the Parties

(a) The processor shall process personal data only on documented instructions from the controller, unless required to do so by Union or Member State law to which the processor is subject. In this case, the processor shall inform the controller of that legal requirement before processing, unless the law prohibits this on important grounds of public interest. Subsequent instructions may also be given by the controller throughout the duration of the processing of personal data. These instructions shall always be documented.

(b) The processor shall immediately inform the controller if, in the processor's opinion, instructions given by the controller infringe Regulation (EU) 2016/679 / Regulation (EU) 2018/1725 or the applicable Union or Member State data protection provisions.

1.2. Purpose limitation

The processor shall process the personal data only for the specific purpose(s) of the processing, as set out in Annex II, unless it receives further instructions from the controller.

1.3. Duration of the processing of personal data

Processing by the processor shall only take place for the duration specified in Annex II.

1.4.Security of processing

(a) The processor shall at least implement the technical and organisational measures specified in Annex III to ensure the security of the personal data. This includes protecting the data against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure or access to the data (personal data breach). In assessing the appropriate level of security, the Parties shall take due account of the state of the art, the costs of implementation, the nature, scope, context and purposes of processing and the risks involved for the data subjects.

(b) The processor shall grant access to the personal data undergoing processing to members of its personnel only to the extent strictly necessary for implementing, managing and monitoring of the contract. The processor shall ensure that persons authorised to process the personal data received have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.

1.5.Sensitive data

If the processing involves personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, genetic data or biometric data for the purpose of uniquely identifying a natural person, data concerning health or a person's sex life or sexual orientation, or data relating to criminal convictions and offences ("sensitive data"), the processor shall apply specific restrictions and/or additional safeguards.

1.6. Documentation and compliance

(a) The Parties shall be able to demonstrate compliance with these Clauses.

(b) The processor shall deal promptly and adequately with inquiries from the controller about the processing of data in accordance with these Clauses.

(c) The processor shall make available to the controller all information necessary to demonstrate compliance with the obligations that are set out in these Clauses and stem directly from Regulation (EU) 2016/679 and/or Regulation (EU) 2018/1725. At the controller's request, the processor shall also permit and contribute to audits of the processing activities covered by these Clauses, at reasonable intervals or if there are indications of non-compliance. In deciding on a review or an audit, the controller may take into account relevant certifications held by the processor.

(d) The controller may choose to conduct the audit by itself or mandate an independent auditor. Audits may also include inspections at the premises or physical facilities of the processor and shall, where appropriate, be carried out with reasonable notice.

(e) The Parties shall make the information referred to in this Clause, including the results of any audits, available to the competent supervisory authority/ies on request.

1.7. Use ofsub-processors

(a) The processor has the controller's general authorisation for the engagement of sub-processors from an agreed list. The processor shall specifically inform in writing the controller of any intended changes of that list through the addition or replacement of sub-processors at least five business days in advance, thereby giving the controller sufficient time to be able to object to such changes prior to the engagement of the concerned sub-processor(s). The processor shall provide the controller with the information necessary to enable the controller to exercise the right to object.

(b) Where the processor engages a sub-processor for carrying out specific processing activities (on behalf of the controller), it shall do so by way of a contract which imposes on the sub-

processor, in substance, the same data protection obligations as the ones imposed on the data processor in accordance with these Clauses. The processor shall ensure that the sub-processor complies with the obligations to which the processor is subject pursuant to these Clauses and to Regulation (EU) 2016/679 and/or Regulation (EU) 2018/1725.

(c) At the controller's request, the processor shall provide a copy of such a sub-processor agreement and any subsequent amendments to the controller. To the extent necessary to protect business secret or other confidential information, including personal data, the processor may redact the text of the agreement prior to sharing the copy.

(d) The processor shall remain fully responsible to the controller for the performance of the sub-processor's obligations in accordance with its contract with the processor. The processor shall notify the controller of any failure by the subprocessor to fulfil its contractual obligations.

(e) The processor shall agree a third party beneficiary clause with the sub-processor whereby - in the event the processor has factually disappeared, ceased to exist in law or has become insolvent - the controller shall have the right to terminate the sub-processor contract and to instruct the sub-processor to erase or return the personal data.

1.8.International transfers

(a) Any transfer of data to a third country or an international organisation by the processor shall be done only on the basis of documented instructions from the controller or in order to fulfil a specific requirement under Union or Member State law to which the processor is subject and shall take place in compliance with Chapter V of Regulation (EU) 2016/679 or Regulation (EU) 2018/1725.

(b) The controller agrees that where the processor engages a sub-processor in accordance with Clause 7.7. for carrying out specific processing activities (on behalf of the controller) and those processing activities involve a transfer of personal data within the meaning of Chapter V of Regulation (EU) 2016/679, the processor and the sub- processor can ensure compliance with Chapter V of Regulation (EU) 2016/679 by using standard contractual clauses adopted by the Commission in accordance with of Article 46(2) of Regulation (EU) 2016/679, provided the conditions for the use of those standard contractual clauses are met.

Clause 8

2.2.3 Assistance to the controller

(a) The processor shall promptly notify the controller of any request it has received from the data subject. It shall not respond to the request itself, unless authorised to do so by the controller.

(b) The processor shall assist the controller in fulfilling its obligations to respond to data subjects' requests to exercise their rights, taking into account the nature of the processing. In fulfilling its obligations in accordance with (a) and (b), the processor shall comply with the controller's instructions

(c) In addition to the processor's obligation to assist the controller pursuant to Clause 8 (b), the processor shall furthermore assist the controller in ensuring compliance with the following obligations, taking into account the nature of the data processing and the information available to the processor:

(1) the obligation to carry out an assessment of the impact of the envisaged processing operations on the protection of personal data (a ‘data protection impact assessment’) where a type of processing is likely to result in a high risk to the rights and freedoms of natural persons;

(2) the obligation to consult the competent supervisory authority/ies prior to processing where a data protection impact assessment indicates that the processing would result in a high risk in the absence of measures taken by the controller to mitigate the risk;

(3) the obligation to ensure that personal data is accurate and up to date, by informing the controller without delay if the processor becomes aware that the personal data it is processing is inaccurate or has become outdated;

(4) the obligations in Article 32 of Regulation (EU) 2016/679.

(d) The Parties shall set out in Annex III the appropriate technical and organisational measures by which the processor is required to assist the controller in the application of this Clause as well as the scope and the extent of the assistance required.

Clause 9

2.2.4 Notification of personal data breach

In the event of a personal data breach, the processor shall cooperate with and assist the controller for the controller to comply with its obligations under Articles 33 and 34 of Regulation (EU) 2016/679 or under Articles 34 and 35 of Regulation (EU) 2018/1725, where applicable, taking into account the nature of processing and the information available to the processor.

9.1 Data breach concerning data processed by the controller

In the event of a personal data breach concerning data processed by the controller, the processor shall assist the controller:

(a) in notifying the personal data breach to the competent supervisory authority/ies, without undue delay after the controller has become aware of it, where relevant/(unless the personal data breach is unlikely to result in a risk to the rights and freedoms of natural persons);

(b) in obtaining the following information which, pursuant to Article 33(3) of Regulation (EU) 2016/679, shall be stated in the controller’s notification, and must at least include:

(1) the nature of the personal data including where possible, the categories and approximate number of data subjects concerned and the categories and approximate number of personal data records concerned;

(2) the likely consequences of the personal data breach;

(3) the measures taken or proposed to be taken by the controller to address the personal data breach, including, where appropriate, measures to mitigate its possible adverse effects.

Where, and insofar as, it is not possible to provide all this information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.

(c) in complying, pursuant to Article 34 of Regulation (EU) 2016/679, with the obligation to communicate without undue delay the personal data breach to the data subject, when the personal data breach is likely to result in a high risk to the rights and freedoms of natural persons.

9.2 Data breach concerning data processed by the processor

In the event of a personal data breach concerning data processed by the processor, the processor shall notify the controller without undue delay after the processor having become aware of the breach. Such notification shall contain, at least: a description of the nature of the breach (including, where possible, the categories and approximate number of data subjects and data records concerned);

(a) the details of a contact point where more information concerning the personal data breach can be obtained;

(b) its likely consequences and the measures taken or proposed to be taken to address the breach, including to mitigate its possible adverse effects.

Where, and insofar as, it is not possible to provide all this information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.

The Parties shall set out in Annex III all other elements to be provided by the processor when assisting the controller in the compliance with the controller's obligations under Articles 33 and 34 of Regulation (EU) 2016/679.

The processor shall promptly inform the controller in case it is unable to comply with these Clauses, for whatever reason.

(b) The controller shall be entitled to terminate the contract insofar as it concerns processing of personal data in accordance with these Clauses if:

(1) the processing of personal data by the processor has been suspended by the controller pursuant to point (a) and if compliance with these Clauses is not restored within a reasonable time and in any event within one month following suspension;

(2) the processor is in substantial or persistent breach of these Clauses or its obligations under Regulation (EU) 2016/679 and/or Regulation (EU) 2018/1725;

(c) The processor shall be entitled to terminate the contract insofar as it concerns processing of personal data under these Clauses where, after having informed the controller that its instructions infringe applicable legal requirements in accordance with Clause 7.1 (b), the controller insists on compliance with the instructions.

(d) Following termination of the contract, the processor shall, at the choice of the controller, delete all personal data processed on behalf of the controller and certify to the controller that it has done so, or, return all the personal data to the controller and delete existing copies unless

Union or Member State law requires storage of the personal data. Until the data is deleted or returned, the processor shall continue to ensure compliance with these Clauses.

This does not prevent the Parties from including the standard contractual clauses laid down in these Clauses in a wider contract and/or to add other clauses or additional safeguards, provided that they do not contradict, directly or indirectly, these Clauses or prejudice the fundamental rights or freedoms of data subjects.

(6) These Clauses are without prejudice to obligations to which the data exporter is subject by virtue of Regulation (EU) 2016/679.

Clause 3

3.1.3 Third-party beneficiaries

In assessing the appropriate level of security, they shall take due account of the state of the art, the costs of implementation, the nature of the personal data7, the nature, scope, context and purpose(s) of processing and the risks involved in the processing for the data subjects, and in particular consider having recourse to encryption or pseudonymisation, including during transmission, where the purpose of processing can be fulfilled in that manner.

This is without prejudice to the liability of the data exporter under Regulation (EU) 2016/679.

(24) Where more than one Party is responsible for any damage caused to the data subject as a result of a breach of these Clauses, all responsible Parties shall be jointly and severally liable and the data subject is entitled to bring an action in court against any of these Parties.

This is without prejudice to Clause 14(f).

(29) The data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses, where:

APPENDIX

EXPLANATORY NOTE:

It must be possible to clearly distinguish the information applicable to each transfer or category of transfers and, in this regard, to determine the respective role(s) of the Parties as data exporter(s) and/or data importer(s). This does not necessarily require completing and signing separate appendices for each transfer/category of transfers and/or contractual relationship, where this transparency can be achieved through one appendix. However, where necessary to ensure sufficient clarity, separate appendices should be used.
